**TRAIL MAINTENANCE LOG**  
**Updated: April 1, 2011**

ITEM NO.	DATE ADDED	STATUS	LOCATION DESCRIPTION	INITIAL ASSESSMENT	COMMENTS
1	06-12-2010	<b>OPEN Moved from 2010 List</b>	Evergreen Trail – behind Keith Holly property-needs additional drainpipe or other work. If the trail could be relocated, perhaps this would improve the on-going problem.	Danny Hatcher will talk to Keith ...he should be here to weekend of Apr. 2nd	Keith said he would buy the tile-Danny will ask him about relocating part of the trail to improve overall drainage.
2	06-12-2010	<b>OPEN Moved from 2010 List</b>	Proctor Ridge Trail step down area by the creek (both sides) has severe washout areas. (this land belongs to the Park Service)	Ricky Rains called Wallace from the Park Svc to see if they would be willing to work on it, or help us work on it	We need to continue to follow up with the Park Service who should fix it. Larry McMillan may also be a resource to help encourage the Park Service to maintain this area.
3	09-2010	<b>OPEN Moved from 2010 List</b>	There are cross ties on the trail to Cumberland Trail – were just pushed to the side in the woods	Still there in November	Need a 4 wheel drive truck/equipment to get them back to the pavilion
4	09-2010	<b>OPEN Moved from 2010 List</b>	Probably need 2 water turn backs on the trails behind the Vaughn's property on Spruce Cr. Trail to avoid continued washouts	Worked on in October and it is better-but may need a few more	Much improved. <b>This is another area which may need continued monitoring</b>
5	09-2010	<b>OPEN Moved from 2010 List</b>	Wildcat Den trail-severe drop off in several places is washing out again, plus area down to the creek is washed out/alternate path has roots sticking out. Should probably remove tree stump down by the creek area. Note: The trail goes across a tract of land owned by the Sloan family which is not part of Spruce Creek.	Sharon and Dino (works for Danny) installed 4 cross tie step downs at the first big drop off which did help. Sharon, Ricky, Bev, Pete, and Laurie walked it again 11-22-10 as part of Board meeting.	Note: the Ridge Top trail folks are willing to help and have worked on the other side going out of the creek.  Ricky or Larry McMillan will try to talk to Wallace (care taker) and/or Sloans to see if they might allow us to build some switch backs.  Another alternative may be to use sackrett to build walls/more secure step downs.
