ITEM NO.	DATE ADDED	STATUS	LOCATION DESCRIPTION	INITIAL ASSESSMENT	COMMENTS
1	06-12-2010	OPEN Moved from 2010/2011 List	“Pipeline” section of Proctor Ridge Trail step down area by the creek (both sides) has severe washout areas. (this land belongs to the Park Service) P. Service plotted a 1 ½ mile reroute of the trail, plus the project includes fixing another 5 miles of trail to/from the creek.	<i>Several board members walked it with Park Svc on April 30, 2012 to replace markers and determine estimated effort.</i>	<i>In Aug. 2012, we agreed to the Park Service to “adopt” the Proctor Ridge Trail for one year. We spent \$4,750 in 2012 for our portion of this project and provided many hours of volunteer manpower. Due to the weather, some work by the creek remains for 2013 completion.</i>
2	04-2011	OPEN	The Spruce Creek Trail along Indian Rock Road by the Gibson property is washed out again. Needs rock and some leveling.	<i>Danny Hatcher</i>	<i>Danny will order several loads of rock/crusher run to work on these items</i>
3	04-2012	OPEN	A deep wet spring continues to reappear and erode the trail beside Jaimie W. property.	<i>Dave Duchon, Danny and Ricky will look at it to determine/order materials</i>	<i>A small, sturdy bridge over the area is probably the best solution. Will schedule <u>a work day for Sat. May 4th 2013</u></i>
4	06-12-2010	OPEN Moved from 2010/2011 List	Evergreen Trail – behind Cathy & Scott (Vet) and Fultons’ property has washed out/-needs additional drainpipe or culvert. If the trail could be relocated, perhaps this would improve the on-going problem.	<i>Tracey and Danny Hatcher</i> NOTE: determined that this is not Keith Holly’s land	<i>Danny put down 2 loads of rock on July 3 2012 which provided improvement.</i> <i>Tracy had discussion with owner-Scott said he would probably allow us to reroute the trail...drainage also affects DeWitt Shelton’s land</i>
5	11-2011	OPEN	TEE PEE Loop trail down to the creek is washed out on both sides/probably needs cross ties/step down and some re-routing to improve drainage and footing	for 2012 projects	See W. Linder turn back/trail maintenance doc. for suggestions. <i>Creek crossing area owned by R. Rains who will allow us to reroute if it will help.</i> <i><u>Work day Thursday, April 18th 2013 rerouted past rocky section</u></i>

6	09-2010	OPEN Moved from 2010/2011 List	Wildcat Den trail-severe drop off in several places is washing out again, plus area down to the creek is washed out/alternate path has roots sticking out. Should probably remove tree stump down by the creek area. Note: The trail goes across a tract of land owned by the Sloan family which is not part of Spruce Creek.	Sharon and Dino (works for Danny) installed 4 cross tie step downs at the first big drop off which did help. Sharon, Ricky, Bev, Pete, and Laurie walked it again 11-22-10 as part of Board meeting. JUNE 2011 Roger and Lee did some work to clear around stump	Note: the Ridge Top trail folks and some SCTA volunteers have worked on the other side going out of the creek-removed the big stump. <i>Wallace Linder is the care taker the Sloans (owners) need to ask again if they are open to possibly re-routing/ allow us to build some switch backs.</i> Another alternative may be to use sackrett to build walls/more secure step downs. 2-2013, Sharon will talk to Wally to get his recommendation.
