TRAIL MAINTENANCE LOG
Updated: November 7, 2013

ITEM NO.	DATE ADDED	STATUS	LOCATION DESCRIPTION	INITIAL ASSESSMENT	COMMENTS
1	11-2011	Re OPENED	TEE PEE Loop trail down to the creek is washed out on both sides/probably needs cross ties/step down and some re-routing to improve drainage and footing Ricky Rains owns the property.	Moved trail to a new location on April 18 th 2013, but it has washed out and is very muddy. May have to move back to the original location.	<i>6-2013 Ricky said to do whatever it takes to fix the mud problem. Danny will take some equipment down there and move more dirt to try to fix it.</i>
2	09-2010	OPEN Moved from 2010/2011 List	Wildcat Den trail-severe drop off in several places is washing out again, plus area down to the creek is washed out/alternate path has roots sticking out. Should probably remove tree stump down by the creek area. Note: The trail goes across a 2,000 acre tract of land owned by the Sloan family which is not part of Spruce Creek.	Sharon and Dino (works for Danny) installed 4 cross tie step downs at the first big drop off which did help. Sharon, Ricky, Bev, Pete, and Laurie walked it again 11-22-10 as part of Board meeting. JUNE 2011 Roger and Lee did some work to clear around stump May 2013 Stump has been removed	<i>Wallace Linder (the caretaker for the Sloans (owners) said they will allow us to re route the trail/build some switch backs!!!! YEAH!!!! Danny and Wally will look at the new route after the leaves are off the trees (Nov/Dec)</i>
3	04-2011	OPEN	The Spruce Creek Trail along Indian Rock Road by the Gibson property is washed out again. Needs rock and some leveling.	<i>Danny Hatcher</i>	<i>Danny will order several loads of large rock/crusher run to work on these items Per the Board....using a Dozer to fix trails is not a problem</i>

TRAIL MAINTENANCE LOG
Updated: November 7, 2013

4	04-2012	OPEN	A deep wet spring continues to reappear and erode the trail beside Jaimie W. property.	<i>Even a bridge could be a problem as the wet springs and sink holes appear/reappear</i>	<i>Matt Stringfield has agreed to let us re-route the trail onto his property....put it up on the bank to avoid the gully area!!!</i>
5	06-12-2010	OPEN Moved from 2010/2011 List	Evergreen Trail – behind Cathy & Scott (Vet) and Fultons’ property has washed out/-needs additional drainpipe or culvert. If the trail could be relocated, perhaps this would improve the on-going problem.	<i>Tracey and Danny Hatcher</i> NOTE: determined that this is not Keith Holly’s land	<i>Danny put down 2 loads of rock on July 3 2012 which provided improvement. Tracy had discussion with owner-Scott said he would probably allow us to reroute the trail...drainage also affects DeWitt Shelton’s land</i> <i>Another possible solution could be to reroute onto Don Mitchell’s land (below Whiteheads.)</i>
6	05-2013	OPEN	Need to Bushhog/weed wack sides of our trails where possible	Due to all of the rain....many are getting over grown and thick with berry bushes (attract bears)	Laurie contacted Spencer Bailey...he is willing to do it for \$35.00/hr. and will work on it if it will ever stop raining!!!.
7	6-2013	OPEN	Trail beside Bonnie Glassers needs grating and rock. (on the side by South Fork Road. Also needs to be weed wacked.	An Annual maintenance activity	6-2013 Danny will put down rock/grade. Tracey will have Spencer Bailey do the week wacking.
8	06-12-2010	COMPLETE! Moved from 2010/2011 List	“Pipeline” section of Proctor Ridge Trail step down area by the creek (both sides) has severe washout areas. (this land belongs to the Park Service) P. Service plotted a 1 ½ mile reroute of the trail, plus the project includes fixing another 5 miles of trail to/from the creek.	<i>For 2013: Remaining activities to complete: install water bars and interlocking bricks through the creek ...also any minor maintenance</i>	<i>In Aug. 2012, we agreed to the Park Service to “adopt” the Proctor Ridge Trail for one year. We spent \$4,750 in 2012 for our portion of this project and provided many hours of volunteer manpower. Due to the weather, some work by the creek remains for 2013 completion. Completed on Aug. 27,, 28, 29 2013</i>
